Confirm

Handbrake

To release the handbrake pull the lever up slightly and push the button at the end. You can then lower the handbrake lever. If the handbrake is engaged whilst riding, a red warning sign lights up on the dashboard. Release the handbrake immediately!

Open the boot

Normal operation. To open, pull the handle at the base of the hatch.

Fuel cap

On the driver's side at the back. You cannot detach the key until the cap is properly in place.

Steering lock

Turn the steering wheel and simultaneously turn the ignition key to release the lock.

12 Volt socket

There is a 12 Volt socket in the central console.

Spare wheel

The spare wheel is stored under the boot floor, along with a jack and a wheel wrench. See instruction manual for further instructions.

Window wipers

Push the lever right of the steering wheel upward to select either of the following modes:
0 = off
1 = intermittent
1 = normal speed (moderate rain)

Push the lever down = single wipe
Auto (wipers turn on automatically when it rains). To turn off automatic wiping, push the lever upward and select setting 0. Pull the lever towards you to spray and wipe. Rear wipers: Rotate the dial (B) one click forward to operate the rear wipers (intermittent). Rotate the dial further forward to spray and wipe.

Headlights/Fog lights

Headlights: rotate the dial (A) at the end of the lever (B) left of the steering wheel forward two clicks to operate the headlights (regular lights for nighttime driving).

Fog lights: front : turn the collar (C) forward one click to switch on the front fog lights. A control light appears on the dashboard.

Rear fog lights: : Turn the collar (C) forward two clicks to operate the rear fog lights. A second control light appears on the dashboard.

Park assist

This vehicle features a park assist system in the rear.

When in reverse gear, a buzzer will beep faster as you get closer to an obstacle.

Be sure to brake in time!
